SUMMARY

BCA student with foundational knowledge of C#, SQL, and web technologies. Participated in academic software projects involving system design, documentation, and feature planning. Currently developing an exam analysis system using ASP.NET Core MVC and Python-based semantic similarity. Eager to gain practical experience in .NET software development.

TECHNICAL PROJECTS

Exam Question Analysis System (Ongoing)

Technologies: ASP.NET Core MVC, Python, Sentence Transformers, Cosine Similarity

- Developing a system that extracts exam questions from uploaded exam papers.
- Implementing semantic similarity using sentence embeddings and cosine similarity.
- Building backend services using ASP.NET Core MVC.
- Implemented controller-based routing and model binding in ASP.NET Core MVC.
- Integrating Python-based NLP processing with the .NET backend.
- Designing an exam interface to display questions sequentially and structure exam papers.

Eco-Planet – E-commerce Website

Technologies: HTML, CSS, SQL

- Collaborated in a team project to build a CRUD-based e-commerce platform for sustainable products.
- Led system documentation, including requirement analysis, literature review, and feature planning.
- Contributed to system design discussions and project structure.
- Assisted in testing and validating system functionality.

TECHNICAL SKILLS

Programming Languages: C, Java, Basic C#
Web Development: HTML, CSS, Bootstrap
Backend & Frameworks: .NET Framework (basic), ASP.NET Core (learning)
Database: SQL, MySQL
Tools: Git (basic familiarity), Microsoft Office (Word, Excel, PowerPoint)

EDUCATION

Bachelor of Computer Applications (BCA) – Running
New Summit College
+2 – United College, Lalitpur (2079 B.S.)
SEE – Gladstone Academy, Bhaktapur (2076 B.S.)

EXPERIENCE

Volunteer Teacher – Shri Panchakrishna Madhyamik Bidhyalaya, Dhankuta

- Conducted a one-week digital literacy program teaching Microsoft Word, Excel, and PowerPoint.
- Helped students understand practical computer usage through hands-on sessions.

Organizer – TechTrix 2023, New Summit College

- Assisted in organizing an annual IT event including workshops, hackathons, and technical competitions.

LEADERSHIP & ACTIVITIES

- Proposal Lead – Minds in Motion (Innovative College Event)
- Idea Pitching Competition – Project 'Poshak'
- House Vice-Captain – School Leadership Role
- PRO – Leo Club of Kathmandu Everest Centennial Women

LANGUAGES

Nepali – Native
English – Fluent
